Dear Mr. Safie:

The Bureau of Industry and Security, U.S. Department of Commerce ("BIS") has reason to believe that El Salvador Networks, S.A. (hereinafter, "Salnet"), of San Salvador, El Salvador, has committed one violation of the Export Administration Regulations (the "Regulations"),\(^1\) which are issued under the authority of the Export Administration Act of 1979 (the "Act").\(^2\) Specifically, BIS charges that Salnet committed the following violation:

**Charge 1** 15 C.F.R. §764.2(a) - Reexporting an item subject to the Regulations without a license.

In or around November 2001, Salnet engaged in conduct prohibited by the Regulations when it reexported telecommunications hardware and software manufactured by a U.S. company, items subject to the Regulations and classified under Export Control Classification Number 5A991 on the Commerce Control List, to Cuba without the license required by the U.S. Department of Commerce. Under Section 746.2 of the Regulations, a BIS license was required for this reexport, but no such license was obtained. In engaging in such prohibited conduct, Salnet committed one violation of Section 764.2(a) of the Regulations.

\(^1\) The Regulations are currently codified in the Code of Federal Regulations at 15 C.F.R. Parts 730-774 (2005). The violation charged occurred during 2001. The Regulations governing the violation at issue are found in the 2001 version of the Code of Federal Regulations (15 C.F.R. Parts 730-774 (2001)). The 2005 Regulations establish the procedures that apply to this matter.

Accordingly, Salnet is hereby notified that an administrative proceeding is instituted against it pursuant to Section 13(c) of the Act and Part 766 of the Regulations for the purpose of obtaining an order imposing administrative sanctions, including any or all of the following:

The maximum civil penalty allowed by law of $11,000 per violation;¹

Denial of export privileges; and/or

Exclusion from practice before BIS.

If Salnet fails to answer the charges contained in this letter within 30 days after being served with notice of issuance of this letter, that failure will be treated as a default. (Regulations, Sections 766.6 and 766.7). If Salnet defaults, the Administrative Law Judge may find the charges alleged in this letter to be true without hearing or further notice to Salnet. The Under Secretary of Commerce for Industry and Security may then impose up to the maximum penalty on each charge in this letter.

Salnet is further notified that it is entitled to an agency hearing on the record if it files a written demand for one with its answer. (Regulations, Section 766.6). Salnet is also entitled to be represented by counsel or other authorized representative who has power of attorney to represent it. (Regulations, Sections 766.3(a) and 766.4).

The Regulations provides for settlement without a hearing. (Regulations, Section 766.18). Should Salnet have a proposal to settle this case, Salnet or its representative should transmit the offer to me through the attorney representing BIS named below.

The U.S. Coast Guard is providing administrative law judge services in connection with the matters set forth in this letter. Accordingly, Salnet’s answer must be filed in accordance with the instructions in Section 766.5(a) of the Regulations with:
