The Bureau of Industry and Security, U.S. Department of Commerce ("BIS"), has notified Thermon (U.K.) Ltd. ("Thermon UK") of its intention to initiate an administrative proceeding against Thermon UK pursuant to Section 766.3 of the Export Administration Regulations (currently codified at 15 C.F.R. Parts 730-774 (2009)) (the "Regulations"),¹ and Section 13(c) of the Export Administration Act of 1979, as amended (50 U.S.C. app. §§ 2401-2420 (2000)) (the "Act"),² through issuance of a proposed charging letter to Thermon UK that alleged that Thermon UK committed six violations of the Regulations. Specifically, these charges are:

² Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13,222 of August 17, 2001 (3 C.F.R., 2001 Comp. 783 (2002)), which has been extended by successive Presidential Notices, the most recent being that of August 13, 2009 (74 Fed. Reg. 41,325 (August 14, 2009)), has continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. §§ 1701-1707).
Charge 1  15 C.F.R. § 764.2(b): Causing the Export of Heat Tracing Equipment to Iran Without the Required License

On one occasion on or about March 30, 2004, Thermon UK caused, aided, abetted, and/or induced the export of heat tracing equipment, items subject to the Regulations\(^3\) and to the Iranian Transactions Regulations,\(^4\) from the United States to Iran, via the United Kingdom, without the required U.S. Government authorization. Specifically, Thermon UK took actions including, but not limited to, placing orders with its U.S. parent company, receiving the items from the United States, and immediately shipping, forwarding, or directing the shipment of the items to Iran. Pursuant to Section 746.7 of the Regulations, authorization was required from U.S. Treasury Department’s Office of Foreign Assets Control (“OFAC”) before the items could be exported to Iran, but no such authorization was obtained. Thermon UK did not inform the parent company that the items were destined for Iran, and, in doing so, caused, aided, abetted, and/or induced the parent company’s failure to obtain the required authorization. In so doing, Thermon UK committed one violation of Section 764.2(b) of the Regulations.

Charges 2 – 4  15 C.F.R. § 764.2(b): Causing the Reexport of Heat Tracing Equipment to Libya Without the Required Licenses

On three occasions between on or about October 28, 2003 and on or about April 19, 2004, Thermon UK caused, aided, abetted, and/or induced the reexport of U.S.-origin heat tracing equipment, items subject to the Regulations,\(^5\) from the Netherlands to Libya without the required U.S. Government authorization. Thermon UK took actions including, but not limited to, ordering the items from Thermon Europe B.V., an affiliate located in the Netherlands, and directing that the items be shipped to Libya. Pursuant to Section 746.4 of the Regulations, 15 C.F.R. § 746.4 (2003-2004), the reexport of these items from the Netherlands to Libya required a Department of Commerce license, but no license was obtained. In so doing, Thermon UK committed three violations of Section 764.2(b) of the Regulations.

Charges 5 – 6  15 C.F.R. § 764.2(e): Acting with Knowledge of a Violation.

On two occasions, on or about August 10, 2005 and on or about August 25, 2005, Thermon UK acted with knowledge of a violation when it ordered, bought, sold, transferred or forwarded U.S.-origin heat tracing equipment, items subject to the

Regulations\textsuperscript{6} and exported or to be exported from the United States, with knowledge that a violation of the EAR had occurred, was about to occur, or was intended to occur in connection with the items. Specifically, Thermon UK took actions in connection with these items, which were manufactured in the United States by Thermon UK’s parent company, Thermon Manufacturing Company ("Thermon US"), including, but not limited to, placing orders for these items with Thermon Europe B.V., an affiliate located in the Netherlands, and directing that the items be shipped from the Netherlands to Syria. The export or reexport to Syria of these items without BIS authorization was prohibited under General Order No. 2, set forth in Supplement No. 1 to Part 736 of the Regulations. Thermon UK acted with knowledge because, on February 25, 2005, Thermon US sent an email to its subsidiaries, including Thermon UK, stating that “products manufactured by Thermon US may not be sold to countries on the US trade sanctions list.” The email included Syria as one of 10 countries that should not be sold Thermon US products and further stated that “Thermon’s export permissions assume our products will not be transshipped to any of the above listed countries.” In so doing, Thermon UK committed two violations of 764.2(e) of the Regulations.

WHEREAS, BIS and Thermon UK have entered into a Settlement Agreement pursuant to Section 766.18(a) of the Regulations, whereby they agreed to settle this matter in accordance with the terms and conditions set forth therein; and

WHEREAS, I have approved of the terms of such Settlement Agreement;

IT IS THEREFORE ORDERED:

FIRST, that a civil penalty of $29,000 is assessed against Thermon UK, which shall be paid to the U.S. Department of Commerce within 30 days from the date of this Order. Payment shall be made in the manner specified in the attached instructions.

SECOND, that pursuant to the Debt Collection Act of 1982, as amended (31 U.S.C. §§ 3701-3720E (2000)), the civil penalty owed under this Order accrues interest as more fully described in the attached Notice, and if payment is not made by the due date specified herein, Thermon UK will be assessed, in addition to the full amount of the

civil penalty and interest, a penalty charge and an administrative charge, as more fully described in the attached Notice.

THIRD, that the timely payment of the civil penalty set forth above is hereby made a condition to the granting, restoration, or continuing validity of any export license, license exception, permission, or privilege granted, or to be granted, to Thermon UK. Accordingly, if Thermon UK should fail to pay the civil penalty in a timely manner, the undersigned may issue an Order denying all of Thermon UK’s export privileges for a period of one year from the date of this Order.

FOURTH, that the Proposed Charging Letter, the Settlement Agreement, and this Order shall be made available to the public.

This Order, which constitutes the final agency action in this matter, is effective immediately.
