ORDER RENEWING TEMPORARY DENIAL OF EXPORT PRIVILEGES

Pursuant to Section 766.24 of the Export Administration Regulations, 15 C.F.R. Parts 730-774 (2021) (“EAR” or “the Regulations”),¹ I hereby grant the request of the Office of Export Enforcement (“OEE”) to renew the temporary denial order (“TDO”) issued in this matter on June 24, 2022. I find that renewal of this order is necessary in the public interest to prevent an imminent violation of the Regulations.

I. Procedural History

On June 24, 2022, I signed an order denying the export privileges of Nordwind Airlines (“Nordwind”) for a period of 180 days on the ground that issuance of the order was necessary in

¹ On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which includes the Export Control Reform Act of 2018, 50 U.S.C. §§ 4801-4852 (“ECRA”). While Section 1766 of ECRA repeals the provisions of the Export Administration Act, 50 U.S.C. App. § 2401 *et seq.* (“EAA”), (except for three sections which are inapplicable here), Section 1768 of ECRA provides, in pertinent part, that all orders, rules, regulations, and other forms of administrative action that were made or issued under the EAA, including as continued in effect pursuant to the International Emergency Economic Powers Act, 50 U.S.C. § 1701 *et seq.* (“IEEPA”), and were in effect as of ECRA’s date of enactment (August 13, 2018), shall continue in effect according to their terms until modified, superseded, set aside, or revoked through action undertaken pursuant to the authority provided under ECRA. Moreover, Section 1761(a)(5) of ECRA authorizes the issuance of temporary denial orders. 50 U.S.C. § 4820(a)(5).

the public interest to prevent an imminent violation of the Regulations. The order was issued *ex parte* pursuant to Section 766.24(a) of the Regulations and was effective upon issuance.²

On December 1, 2022, BIS, through OEE, submitted a written request for renewal of the TDO that issued on June 24, 2022. The written request was made more than 20 days before the TDO's scheduled expiration. A copy of the renewal request was sent to Nordwind in accordance with Sections 766.5 and 766.24(d) of the Regulations. No opposition to the renewal of the TDO has been received.

II. Renewal of the TDO

A. Legal Standard

Pursuant to Section 766.24, BIS may issue an order temporarily denying a respondent's export privileges upon a showing that the order is necessary in the public interest to prevent an "imminent violation" of the Regulations, or any order, license or authorization issued thereunder. 15 C.F.R. §§ 766.24(b)(1) and 766.24(d). "A violation may be 'imminent' either in time or degree of likelihood." 15 C.F.R. § 766.24(b)(3). BIS may show "either that a violation is about to occur, or that the general circumstances of the matter under investigation or case under criminal or administrative charges demonstrate a likelihood of future violations." *Id.* As to the likelihood of future violations, BIS may show that the violation under investigation or charge "is significant, deliberate, covert and/or likely to occur again, rather than technical or negligent[.]" *Id.* A "lack of information establishing the precise time a violation may occur does not preclude a finding that a violation is imminent, so long as there is sufficient reason to believe the likelihood of a violation." *Id.*

² The TDO was published in the *Federal Register* on June 29, 2022 (87 Fed. Reg. 38704).

B. The TDO and BIS's Request for Renewal

The U.S. Commerce Department, through BIS, responded to the Russian Federation's ("Russia's") further invasion of Ukraine by implementing a sweeping series of stringent export controls that severely restrict Russia's access to technologies and other items that it needs to sustain its aggressive military capabilities. These controls primarily target Russia's defense, aerospace, and maritime sectors and are intended to cut off Russia's access to vital technological inputs, atrophy key sectors of its industrial base, and undercut Russia's strategic ambitions to exert influence on the world stage. Effective February 24, 2022, BIS imposed expansive controls on aviation-related (e.g., Commerce Control List Categories 7 and 9) items to Russia, including a license requirement for the export, reexport or transfer (in-country) to Russia of any aircraft or aircraft parts specified in Export Control Classification Number (ECCN) 9A991 (Section 746.8(a)(1) of the EAR).³ BIS will review any export or reexport license applications for such items under a policy of denial. *See* Section 746.8(b). Effective March 2, 2022, BIS excluded any aircraft registered in, owned, or controlled by, or under charter or lease by Russia or a national of Russia from being eligible for license exception Aircraft, Vessels, and Spacecraft (AVS) (Section 740.15 of the EAR).⁴ Accordingly, any U.S.-origin aircraft or foreign aircraft that includes more than 25% controlled U.S.-origin content, and that is registered in, owned, or controlled by, or under charter or lease by Russia or a national of Russia, is subject to a license requirement before it can travel to Russia.

³ 87 Fed. Reg. 12226 (Mar. 3, 2022). Additionally, BIS published a final rule effective April 8, 2022, which imposed licensing requirements on items controlled on the Commerce Control List ("CCL") under Categories 0-2 that are destined for Russia or Belarus. Accordingly, now all CCL items require export, reexport, and transfer (in-country) licenses if destined for or within Russia or Belarus. 87 Fed. Reg. 22130 (Apr. 14, 2022).

⁴ 87 Fed. Reg. 13048 (Mar. 8, 2022).

OEE's request for renewal is based upon the facts underlying the issuance of the initial TDO and the evidence developed over the course of this investigation, which indicate a blatant disregard for U.S. export controls, as well as the TDO. Specifically, the initial TDO, issued on June 24, 2022, was based on evidence that Nordwind engaged in conduct prohibited by the Regulations by operating multiple aircraft subject to the EAR and classified under ECCN 9A991.b on flights into Russia after March 2, 2022 from destinations including, but not limited to, Yerevan, Armenia, Istanbul, Turkey, and Sharm el-Sheikh, Egypt, without the required BIS authorization.⁵

In its December 1, 2022, request for renewal of the TDO, BIS has submitted evidence that Nordwind continues to operate in violation of the June 24, 2022 TDO and/or the Regulations by operating aircraft subject to the EAR and classified under ECCN 9A991.b. Specifically, BIS's evidence and related investigation indicates that after the issuance of the TDO, Nordwind continued to fly aircraft into Russia in violation of the EAR, including flights from Hurghada, Egypt, Sharm el-Sheikh, Egypt, and Bokhtar, Tajikistan. Information about those flights includes, but is not limited to, the following:

Tail Number	Serial Number	Aircraft Type	Departure/Arrival Cities	Dates
RA-73313	35700	737-82R (B738)	Bokhtar, TJ / Moscow, RU	November 29, 2022

⁵ Publicly available flight tracking information shows, for example, that on March 7, 2022, serial number ("SN") 40874 flew from Yerevan, Armenia to Kazan, Russia; SN 40233 flew from Istanbul, Turkey to Kazan, Russia; and SN 40236 flew from Sharm el-Sheikh, Egypt to Moscow, Russia.

III. Findings

Under the applicable standard set forth in Section 766.24 of the Regulations and my review of the entire record, I find that the evidence presented by BIS convincingly demonstrates that Nordwind has acted in violation of the Regulations and the TDO; that such violations have been significant, deliberate and covert; and that given the foregoing and the nature of the matters under investigation, there is a likelihood of imminent violations. Therefore, renewal of the TDO is necessary in the public interest to prevent imminent violation of the Regulations and to give notice to companies and individuals in the United States and abroad that they should avoid dealing with Nordwind, in connection with export and reexport transactions involving items subject to the Regulations and in connection with any other activity subject to the Regulations.
